Evening Forum:

As oral health providers, you are empowered to help your pregnant patients improve and maintain their oral health.

Because nothing is more important than having a healthy pregnancy; and because health care providers like you are in a position to help; Crest + Oral-B and the March of Dimes have teamed up to create a professional and patient educational program and to “promote healthier moms and stronger babies.” Crest & Oral-B have partnered with March of Dimes to support their mission to help fight Pre-Term Birth.
