Evidence based Solutions to Nonsurgical Periodontal Therapy: Power scaling and Pain Management
Presented by Shirley Branam, RDH, MBA, and sponsored by Dentsply. (3 CEU’s)

This course is based on the current scientific literature and evidence based strategies to give the clinician practical guidelines regarding the use of ultrasonic instrumentation and non-injectable local anesthesia for nonsurgical periodontal therapy. Ultrasonic instrumentation techniques will be covered extensively following the dental hygiene process of care and utilizing hands-on activities. Indications for a non-injectable local anesthetic periodontal gel will be discussed and the application technique reviewed.

Shirley Branam, RDH, MBA, is the central clinical educator for Dentsply professionals where she lectures on topics covering ultrasonic and hand instrumentation, principles of ergonomics and optimizing caries risk reduction. She received her dental hygiene degree from the University of Michigan. Shirley’s background includes over twenty years in clinical and educational experience in the dental assisting and dental hygiene professions. Her areas of expertise include clinical dental hygiene, biomaterials, implants, local anesthesia, and nitrous oxide sedation.

Oral and Systemic Health Through the Golden Year
Presented by Linda Blackiston, RDH, BS and sponsored by Phillips/Sonicare. (3 CEU’s)

This course is designed to raise your awareness level about current oral and systemic issues related to seniors. Geriatric care is multidisciplinary and team oriented. Dental Professionals have a vital role in this team. The program will focus on biological, physiological and psychological changes that occur as we age, while implementing key strategies to utilize in your dental practice. Various clinical aspects of seniors will be discussed, as well as product review for specific treatments.

Linda Blackiston, RDH, BS is a professional educator for Phillips/Sonicare. She received her dental hygiene degree from Baltimore College of Dental Surgery, Dental School, University of Maryland. Linda’s background includes corporate pharmaceuticals, where she presented courses on the etiology and management of periodontal diseases specifically related to the host response mechanism. She lectures nationally on women’s wellness, pediatric dentistry, oral health for seniors, strategies for oral health, enhancing patient’s compliance and biofilm.

Both courses including continental breakfast and lunch will be $75 for members and $150 for nonmembers. Register now, seating is limited!
