

## ODHA RESEARCH POSTER SESSION EVALUATION FORM

**Poster Session #**

**Title**

**Judge Number:**

For each area, use the provided scale 1 thru 5

5 – Exceptional: Meets all requirements, demonstrates superior knowledge, cutting edge research

4 – Exceeds requirements: Meets all requirements, demonstrates advanced knowledge or expertise

3 – Meets all requirements

2 – Minimally meets requirements: Information not well presented, minimally supports objective

1 – Poor/ Does not meet requirements

**Content (Maximum points for this section - 75)**

**Comments**

<b>TITLE</b> Clear, scientific, concise, and relates to topic.	5	4	3	2	1	
<b>PROBLEM</b> Clearly defines the purpose/reason for the study.	5	4	3	2	1	
<b>OBJECTIVES</b> Objective(s) should be stated clearly; studies with more than one objective differentiate primary versus secondary objective.	5	4	3	2	1	
<b>METHODOLOGY</b> Study design is clearly stated (cross-sectional study, randomized controlled study, split-mouth design, survey, etc.)  Specified: subject criteria, number of subjects included, whether it was a convenience sample or if subjects were screened and randomized into groups. This should include specific numbers/percentages.  Describes intervention, i.e. survey, test product and control where appropriate.  Differentiates between a qualitative and quantitative study where appropriate.	5	4	3	2	1	
	5	4	3	2	1	
	5	4	3	2	1	
	5	4	3	2	1	
<b>STATISTICS</b> Includes statistical methods used in the study.  This should include specific data including percentages, and /or p values, etc.	5	4	3	2	1	
	5	4	3	2	1	
<b>RESULTS</b> Provides numerical data that clearly communicates the findings in the study.  Includes differences from baseline and between groups as needed.	5	4	3	2	1	
	5	4	3	2	1	

Clearly states the significance by providing p-value, percentages, and/or other statistical findings appropriate for study design.	5	4	3	2	1	
Sample size is appropriate for data analysis and study design.	5	4	3	2	1	
<b>CONCLUSIONS</b>						
Conclusions clearly relate to the objective of the study.	5	4	3	2	1	
Avoids adding superfluous or anecdotal information.	5	4	3	2	1	
<b>Total points for this section</b>						

**Presentation (Maximum points for this section - 25)**

Poster display is neat and legible.	5	4	3	2	1	
Visual images enhance presentation.	5	4	3	2	1	
Speech is clear, with good volume and pace is within 7 minutes.	5	4	3	2	1	
Use eye contact and is engaging, questions encouraged and answered well.	5	4	3	2	1	
Professional appearance.	5	4	3	2	1	
<b>Total points for this section</b>						

**TOTAL POINTS (Maximum = 100 Points): \_\_\_\_\_**

**If you scored any area a 1 or a 5, please add additional comments to expand on your scoring decision.**
