HB 238 – Joint Sunset Review Committee Changes - ENACTED

- GPG informed ODHA that OSDB Executive Director Harry Kamdar testified before the Joint Legislative Sunset Review Committee about the Board generally but also more specifically on the Supervisory Investigative Panel (SIP). His testimony requested the continuation of the SIP but asked members of the committee to revise the statutory language that created the SIP to “accurately reflect that it is an integral part of the Dental Board and not a separate entity as currently classified by the Legislative Service Commission.”
- GPG monitored OSDB’s efforts to make these changes and relayed all legislative actions in both SB335 and HB694 to ODHA including an amendment requiring the Board to elect a vice president (ORC 4715.03, in addition to a president, secretary, and vice-secretary). The Board was already electing a vice president, it just was not previously required in the Revised Code.
- GPG kept ODHA informed of the identical language in both SB 335 and HB 694 which were eventually amended into HB 238 and passed by the legislature.

- GPG monitored the House and Senate’s monthslong efforts to pass a comprehensive capital budget package which included four dental programs throughout the state.

East Side Dental Clinic	Reappropriations	\$500,000
East Side Dental Clinic	Reappropriations	\$250,000
Lorain County Health and Dental Facility	OTSCIF	\$375,000

- The capital budget legislation (HB 2) entailed \$3.5 billion in new capital appropriations, \$2 billion in reappropriations for previously authorized ongoing capital projects, \$700 million in special One-Time Strategic Community Investment Fund initiatives, and \$150 million for community projects. The final version of the bill amounted to a \$6.2 billion spending package, making it the largest capital appropriations measure in state history.

OSDB Laws and Rules Committee Updates:

The full OSDB met on January 31, April 3, May 1, June 12, September 11, and October 2. Meeting minutes can be found through the following link: <https://dental.ohio.gov/about/board-meeting-minutes-and-annual-reports>.

The OSDB Laws and Rules Committee met on January 31 and was attended by Kelsey Woolard and Sydney Sanders. The discussion items were as follows:

- Legislative update on [HB 362 \(Baker, Robb Blasdel - Revise law governing certified registered nurse anesthetists\)](#) which would amend the Dental Practice Act. OSDB will likely take a position since they are not fond of eroding the DPA.
- Opioid reversal agents – the Board of Pharmacy recently expanded reversal agents used to reverse an overdose. Previously, they used “Naloxone” in the Ohio Revised Code but changed it to “opioid reversal agent” to not use a brand name. OSDB wonders if their rules should be updated.

The OSDB Laws and Rules Committee met on April 3 and was attended by Ann Naber, Kelsey Woolard, and Sydney Sanders. The discussion items were as follows:

- Legislative update on [SB 40 \(Roegner – Dentist and Dental Hygienist Compact\)](#) which passed the Senate in June 2023 with a vote of 31-0, and has had three hearings so far in the House Health Provider Services Committee.
- Oral Health Ohio’s letter requesting to revisit course curriculums for Silver Diamine Fluoride (SDF) and Interim Therapeutic Restorations (ITR). The letter will be forwarded to the OSDB Education Committee for review.
- Naloxone/Nalmefene and/or Opioid Reversal Drugs – OSDB decided that more generic language would be better.
- Topics for Next Meeting:
 - Draft Rules for Practicum Education

The OSDB Laws and Rules Committee met on May 1 and was attended by Kelsey Woolard and Sydney Sanders. The discussion items were as follows:

- Legislative update on [HB 362 \(Baker, Robb Blasdel - Revise law governing certified registered nurse anesthetists\)](#) which would amend the Dental Practice Act.
- Legislative update on [SB 40 \(Roegner – Dentist and Dental Hygienist Compact\)](#) which passed the Senate in June 2023 with a vote of 31-0, and had had four hearings at that point in the House Health Provider Services Committee.
- Opioid reversal agents – the Board of Pharmacy recently expanded reversal agents used to reverse an overdose. Previously, they used “Naloxone” in the Ohio Revised Code but changed it to “opioid reversal agent” to not use a brand name. OSDB discussed options for updating their rules.

The OSDB Laws and Rules Committee met on June 12 and was attended by Kelsey Woolard. The discussion items were as follows:

- Legislative update on [SB 40 \(Roegner – Dentist and Dental Hygienist Compact\)](#) with two amendments adopted and a committee vote of 9-4. OSDB review implementation of the compact. Their understanding is that if the General Assembly passes the bill soon, Ohio will be able to designate someone to sit on the compact commission, but that person will not be able to vote until January 1, 2025 when SB 40 goes into effect.
- Legislative update on [HB 362 \(Baker, Robb Blasdel - Revise law governing certified registered nurse anesthetists\)](#) which would amend the Dental Practice Act. OSDB expressed concerns.
- Naloxone/Nalmefene and/or Opioid Reversal Drugs – OSDB decided that more generic language would be best: “an overdose reversal drug as defined in section 4729.01 of the Revised Code.”
- Addition of American Medical Technologists Registered Dental Assistant Examination to OAC Rules 4715-11-03.1, 4715-11-04.1, 4715-11-04.3, and 4715-12-02.
- Topics for Next Meeting:
 - Oral Health Ohio’s letter requesting to revisit course curriculums for Silver Diamine Fluoride (SDF) and Interim Therapeutic Restorations (ITR).
 - Monetary fining authority.

The OSDB Laws and Rules Committee met on September 11 and was attended by Ann Naber, Kelsey Woolard, and Sydney Sanders. The discussion items were as follows:

- The newly proposed rule changes for “specialty and advertising” were met with opposition from the Ohio Dental Association, and a letter from the American Association of Orthodontists was distributed expressing their opposition to the Board’s changes. The Law and Rules Committee asked ODA to submit their objections in writing and they would be discussed at the October meeting.
- The Law and Rules Committee asked for any comments/suggestions on the following rules : 4715-8-01 Continuing education requirements; 4715-12-02 Application for certificate; requirements; exceptions; 4715-12-03 Certificate renewal; 4715-12-04 Accreditation of education programs; application; fee; suspension; revocation; 4715-12-05 Continuing education requirements; and 4715-22-01 Volunteer’s certificate issued to retired dentist or dental hygienist to provide free services to indigent and uninsured persons; immunity.
- The Committee will consider amendments to the “Chapter 11 Qualified Personnel” rule package at the October meeting.
- Topics for next meeting:
 - Oral Health Ohio request to revisit course curriculums for Silver Diamine Fluoride (SDF) and Interim Therapeutic Restorations (ITR) – Status update
 - Monetary Fining Authority

The OSDB Laws and Rules Committee met on October 2 and was attended by Ann Naber and Kelsey Woolard. The discussion items were as follows:

- The Law and Rules Committee reviewed changes to the following rules: 4715-8-01 Continuing education requirements; 4715-12-02 Application for certificate; requirements (add “patient treatment records,” change to “results review”); exceptions; 4715-12-03 Certificate renewal; 4715-12-04 Accreditation of education programs; application; fee; suspension; revocation (add digital imaging and maintenance of radiographic equipment); 4715-12-05 Continuing education requirements (add digital imaging and maintenance of radiographic equipment); and 4715-22-01 Volunteer’s certificate issued to retired dentist or dental hygienist to provide free services to indigent and uninsured persons; immunity.
- The Laws and Rules Committee made no further changes to 4715-6-03 Prescribing for subacute and chronic pain and recommended adoption to OSDB.

- The proposed rule changes for “specialty and advertising” were again met with opposition. Eric Richmond from the Ohio Dental Association and Dr. Henry Fields from American Association of Orthodontists testified in opposition to the Board’s changes. The Law and Rules Committee feels that the rules are in order and while they would like to move forward, they acknowledged that stakeholders have opposition. They will convene a workgroup to review and make recommendations (meeting dates: 12/2/2024, 1/13/2024).
- The Committee delayed considering amendments to the “Chapter 11 Qualified Personnel” rule package until a future meeting.
- A legislative update was provided, though the legislature is still on summer break.
- Topic for future meetings: monetary fining authority.

OSDB Specialty Advertising Study Committee:

The Laws and Rules Committee created a study committee to review these suggested changes to Specialty and Advertising Rules. The study committee met on December 2, and was attended by Sydney Sanders.

- 4715-5-04 Specialty designation.
- 4715-13-01 Public announcements, publicity, advertising and solicitation.
- 4715-13-02 Name under which practice may be conducted.
- 4715-13-03 False, fraudulent, or misleading statements.
- 4715-13-04 Statements tending to deceive or mislead the public.
- 4715-13-05 Advertising specialty services.

OSDB Research Committee Update:

The OSDB Research Committee met on November 6 and December 4 and was attended by Ann Naber and Kelsey Woolard. The Committee discussed implementing monetary fining authority. The committee researched 14 other states of similar size and population to Ohio, the majority of those states have fining authority. All states currently in the Dentist and Dental Hygienist Compact (except Ohio) have fining authority. OSDB will vote on whether they want to move forward with instituting fines or not, and then work on the details because there are many options.

OSDB Scope of Practice Committee Update:

The OSDB Scope of Practice Committee met on December 4 and was attended by Kelsey Woolard. The Committee discussed sleep-related breathing disorders. Dentists do not have the ability to diagnose sleep disorders, and they are not seeking the ability to do so. The majority of states allow dentists to order home sleep apnea tests for patients, and Ohio dentists would like this authority. Patients getting into a clinical sleep study can take a year or more, and then there's the consideration of cost and whether insurance will cover anything. It's estimated that only 12-15 dentists in Ohio are certified by the American Academy of Dental Sleep Medicine.

2025 Advisory Committee Update:

OSDB announced they would like to create an advisory committee in 2025 to review Chapter 4715 of the Ohio Revised Code. The committee would be formed by two OSDB Board members, two Executive Committee Members of the Ohio Dental Association who are dentists, and two members of the Ohio Dental Hygienist Association.

Oral Health Ohio (OHO) Update:

OHO met on January 11 and discussed SB 40 (Roegner – Dentist and Dental Hygienist Compact), efforts to expand school-based health centers, the draft letter requesting to revisit course curriculums for Silver Diamine Fluoride and Interim Therapeutic Restorations, and the fall 2024 OHO Symposium. In February, OHO submitted written interested party testimony for SB 40's third hearing in the House Health Provider Services Committee to advocate for the bill's passage. In March, OHO submitted the final version of the SDF/ITR letter to the OSDB with

ODHA's support. OHO was also invited by the Department of Medicaid to provide comments on 5160-5-01, Dental Services. Those comments were sent to Medicaid on March 14 advocating that the Dental Practice Act does not currently authorize dentists to administer vaccinations, but OHO strongly advocates for expanded dental provider roles in HPV education and increasing awareness among patients about the link between HPV and oral cancer prevention.

OHO met on April 11 and discussed SB 40 (Roegner), the Dentist and Dental Hygienist Compact, and HB 336 (Schmidt, A. Miller) which would prevent health plans from denying a claim based on age. Marla Morse reported that the State Dental Director position was re-posted and will remain open until the position is filled. While OHO did not meet in June, Marla provided an update on meetings OHO has scheduled with various advisors to the Governor, Department of Medicaid, Ohio Chamber of Commerce, and legislators. which was distributed to ODHA.

OHO met on September 12 and discussed a pilot program to work with Medicaid on a behavior management code for people with a developmental disability (there are significant delays in care for this population). OHO also participates in school-based health statewide advisory committees and wants to support schools that want to integrate oral health into schools. OHO plans to develop the 2025 policy agenda over the next few months.

OHO met on October 10 and discussed a federal EPA lawsuit on water fluoridation. OHO has chosen to take a reactive approach to offer resources to assist communities and policymakers make informed decisions. However, OHO has not been contacted by anyone at this time, but they will coordinate with ODA and ODHA if anyone does reach out. OHO is working on their 2025 policy agenda which will include asking Medicaid to reimburse for SDF and monitoring the impact of Medicaid fee increases (from the last budget).

OHO met on November 14 and December 12 and was attended by Sydney Sanders. At the November meeting, OHO discussed drafting a statement on community water fluoridation (CWF) to be posted on the website, subject to committee approval. While the statement will be posted, OHO maintained that it will not take a lead advocacy role regarding CWF and all questions should be directed to the Ohio Department of Health, Oral Health Program. OHO also discussed finalizing the 2025 policy agenda before the end of the year.

OHO met again on December 12 and unanimously approved the CWF statement that was circulated following the November 14 meeting. The statement will now be presented to the OHO Board for final approval. Kerri Montemurro, Dental Director for Primary Health Solutions (PHS), joined the OHO meeting to report that that mobile dental facilities (MDFs) from Michigan and Illinois are not following MDF regulations in Ohio. There have been several incidents where out of state MDFs are causing significant wasted time and resources for PHS and the patients they serve. In response to the discussion, it was decided that PHS and OHO will contact the OSDB regarding this problem providing as much detailed information as possible. OHO will also explore the possibility of collaborating with the Ohio School Nurse Association and Ohio Department of Health, School Nurse Program to educate them about MDF regulations for school-based services. Additionally, OHO will monitor the OSDB's response to MDF issues and determine if this should be added to the 2025 policy agenda. Finally, the last discussion item for the December 12 meeting was to finalize the 2025 OHO policy agenda. In addition to maintaining the fee increase without cuts, the finalized OHO 2025 policy agenda includes:

- Medicaid reimbursement of silver diamine fluoride (SDF) by medical providers
- Medicaid reimbursement of a behavior management code for dentists who care for patients with a disability
- Support expansion of school-based health centers
- Support initiatives addressing social determinants of health and that improve health equity

This report is intended as an overview of the activities of ODHA's lobbyists.
